PROGRAM OVERVIEW: Our Aging division has multiple programs within its scope. We have a 12-resident CBRF (community-based residential facility) that provides a safe and secure home-like atmosphere. There are 2 senior meal centers that have congregate meals and home delivered meals to frail elders (during COVID offering pick up meals). These sites provide hot meals that meet the state's dietary guidelines. We offer dementia care to create awareness and education about Alzheimer's and other dementias. The Elder Benefit services provide assistance with Medicare, Medicaid, Social Security, and legal questions. We provide case management in our Long Term Care program which helps members live independently in their own homes. In our Elder Support Program we provide in-home respite care, and assistance with activities of daily living, chores and transportation. We have a Caregiver Program to provide support and education to family caregivers. Our Senior Companion and Foster Grandparent Program provides opportunities for elders to stay active in their community. The Aging Department also

provides information and assistance to elders, we have a loan closet and assist with Lifeline. We also provide emergency supplements to elders in need.

APPLICATION REQUIRED: Yes

APPLICATION PROCESS: Each program has their own assessment. Depending upon the expressed need they would be directed to the correct program where they would be assisted with the process.

How does your department promote healthy eating?

Our nutrition program follows all dietary guidelines. We also collaborate with entities throughout the reservation to promote healthy choices and lifestyles.

How does your department promote physical activity and engaging with the environment?

We hold annual walks and disperse educational materials on healthy living. We also collaborate with entities throughout the reservation on projects and events to promote health and combat chronic disease.

PROGRAM OVERVIEW: The mission of the Menominee Tribal Clinic is to provide quality, accessible and comprehensive health care in the areas of Medical, Dental, Optometry, Behavioral Health and Community Health services. Since 2011 the Clinic has operated under an Improving Patient Care (IPC) Program. The IPC collaborative focuses on strengthening the positive relationships between the healthcare system/care team and the individual, family and community. The IPC Care Model serves as a framework to guide the creation of an Indian Healthy Medical Home; an accessible and patient-centered system of care that provides safe, timely, effective, efficient, and equitable care.

APPLICATION REQUIRED: No

How does your department promote healthy eating?

The Menominee Nation is committed to promoting the health and well being of its community and tribal populations. Because of the strong relationship between diet and health, the increasing rates of obesity, and our commitment to health, guidelines for offering healthy foods at meetings, seminars, and catered events were developed to help facilitate the selection of lower fat and calorie food and beverages options. It is fitting for our leadership to provide leadership to promote healthful eating at worksite functions. We can model our commitment to good health by creating a healthy work environment. Most importantly, by following these guidelines, you can promote your own health and reduce your risk for chronic diseases.

How does your department promote physical activity and engaging with the environment?

We promote a healthy lifestyle for our employees by offering a wellness incentive of voluntarily participating in the Lunch Time Exercise Program. Employees are encouraged to walk or exercise for 30 minutes during their lunch break.
