2027 WISCONSIN CHILI LUNCH

JOIN US ON THURSDAY, FEBRUARY 25TH

The annual Wisconsin Chili Lunch (WCL) supports local food purchasing by encouraging cafeterias to serve a chili dish made with local ingredients in the cafeteria. On February 25th, cafeterias around the state will participate in the WCL by preparing local chili and celebrating Wisconsin farmers. This event provides a fun way to practice local food procurement and promotion.

THE GOAL OF THE WCL IS TO:

- create strong connections between Wisconsin farmers and eaters
- demonstrate how cafeterias can serve Wisconsin grown - even in winter
- inspire nutritious school meals and support farm-to-institution initiatives throughout the state
- encourage year-round purchases of local foods
